

2018-1-BG01-KA201-047856

Resilient Affordable Eco-School Training

Start date: 01/11/2018

End date: 30/10/2020

Co-funded by the
Erasmus+ Programme
of the European Union

Main aims:

- Introduce affordable ecology training in the existing curriculums (e.g. could be added to STEM (Science, Technology, Engineering and Mathematics) courses, or provide it as extra-curricular activity)
- Engage the youth of today to protect the climate of tomorrow
- Ensure young people have the power to be the change for sustainability that our world needs by engaging them in fun, action-orientated and socially responsible learning

Coordinator contact

Prof. PhD Dilyanka Bezlova
University of Forestry,
Sofia, Bulgaria
